

K-Love radio is the only FM station my family listens to. There are no embarrassing "morning show" incidents that you have to explain to our kids, and we all like the positive, upbeat music we hear. The station creates a national "community" since its listener base is widespread. Myself and other K-Love listeners would no longer receive many of the community service announcements we hear. I know it isn't politically correct in this day and age, but Christians are a large majority of the country's population and I know that there are no other Christian music stations in my area of Southern California. Please don't take the ability for K-Love to provide this community service to so many communities. Please don't give the LPFM's have priority over the FM translators.

Thank you for your time,

Sincerely,

Sheri Johnson
